8. **Proposed Lease Termination With Central Pennsylvania Health Services Corporation, Penn State Altoona** (Continued)

Central Pennsylvania Health Services Corporation subsequently constructed The Sheetz Family Health Center and parking facilities on the property. Upon completion of the Center, Lexington One, Inc., an affiliate of the Central Pennsylvania Health Services Corporation, sublet 8,500 GSF to the University to be used as a campus medical center and medical education facility for its students. The remaining 2,500 GSF was occupied by a physician medical practice owned and operated by the Central Pennsylvania Health Services Corporation.

While the Lease provides for the University to assume ownership of the leased land and improvements at lease expiration, the Central Pennsylvania Health Services Corporation has agreed to an early lease termination. Accordingly, the University now has the opportunity to terminate the Ground Lease and sublease agreement and acquire the improvements from the Central Pennsylvania Health Services Corporation for $445,000, with the understanding the facility name would remain "The Sheetz Family Health Center." The acquisition provides the opportunity for Penn State Altoona to continue its medical center services and expand its nursing curriculum for its students. The 11,000 GSF Center and parking facilities have been inspected by campus representatives and the Office of Physical Plant and found to be in excellent condition.

Will the Committee on Finance and Physical Plant recommend to the Board of Trustees adoption of the following resolutions:

RESOLVED, That the Board of Trustees approves terminating the Ground Lease and sublease agreements, and acquiring the 11,000 GSF Sheetz Family Health Center improvements, from the Central Pennsylvania Health Services Corporation for $445,000, with the understanding the facility name will remain "The Sheetz Family Health Center."
