2) Consideration of Proposed Operating Budget for the Fiscal Year Beginning July 1, 2015

Will the Board of Trustees adopt the following resolutions:

WHEREAS, The Commonwealth of Pennsylvania has not approved its budget and related appropriation to The Pennsylvania State University as of July 1, 2015; and

WHEREAS, The Pennsylvania State University must continue to operate and is committed to provide exceptional educational experiences and positive workplace environments for all; and

WHEREAS, Both the General Assembly and the Governor’s administration have signaled their support for an increase in the appropriation to Penn State; and

WHEREAS, The University must estimate the anticipated level of funding from the Commonwealth in order to enact an Operating Budget; and

WHEREAS, The 2015-16 Operating Budget Plan provides funding from tuition for the increasing costs of employee benefits, facilities, fuel and utilities, deferred maintenance, and need-based student aid; funding from internal sources – reallocation and expense reductions – for faculty and staff salary adjustments at approximately the rate of inflation, for faculty promotions, contractual obligations, and to address market and equity issues; and requested additional appropriations provide funding for strategic investments in economic development, and student career success; and
WHEREAS, The 2015-16 Operating Budget Plan has been adjusted to reflect an anticipated 3% increase in the appropriation of General Support from the Commonwealth; and

WHEREAS, Such adjustments include removal of certain strategic investments in economic development and student career success, decreasing the amount available to address deferred maintenance, and introducing budgetary risk by including revenue from increased enrollment thereby setting a new and higher bar for enrollment; and

WHEREAS, The adjusted 2015-16 Operating Budget Plan also includes tuition increases for all Pennsylvania resident students that are lower than those that were included in the 2015-16 State Appropriation Request approved by the Board of Trustees on September 19, 2014 with no increase for students at eight Commonwealth Campuses;

THEREFORE BE IT RESOLVED, That in the event that the Commonwealth of Pennsylvania’s appropriation to The Pennsylvania State University is not finalized by July 17, 2015, or is finalized at the level of support reflecting a 3% increase for The Pennsylvania State University, the proposed Operating Budget for the University for the fiscal year beginning July 1, 2015, as shown on Schedules I-V which are attached hereto and made part hereof, is approved.

BE IT FURTHER RESOLVED, In the event that the Commonwealth of Pennsylvania’s budget is finalized after July 17, 2015, at a level of support that is higher than was provided in this resolution, the Officers of the University are authorized to effect an Operating Budget for the University for the fiscal year beginning July 1, 2015, that would deploy additional General Support, in order of priority and in the amounts as outlined in the 2015-16 State Appropriation Request as approved by the Board of Trustees on September 19, 2014, to the restoration of the planned investments in economic development and student career success, deferred maintenance, removal of the risk from relying on a sustained level of growth in enrollment, and with the balance, if any, to be used to reduce the student Information Technology Fee effective in the 2016-17 academic year.

BE IT FURTHER RESOLVED, In the event that the Commonwealth of Pennsylvania’s budget is finalized after July 17, 2015, at a level of General Support that is less than a 3% increase, the Officers of the University are authorized to effect an Operating Budget for the University for the fiscal year beginning July 1, 2015, that would make a corresponding decrease to the amount of the investments in economic development and student career success outlined in the 2015-16 State Appropriation Request as approved by the Board of Trustees on September 19, 2014.
BE IT FURTHER RESOLVED, That in the event that the Commonwealth of Pennsylvania’s budget is finalized after July 17, 2015 and the appropriation for The Pennsylvania State University is at a level that is more or less than the 3% increase referred to above, a revised operating budget, including any appropriation changes, for General Support, Agricultural College Land Scrip Fund, The Pennsylvania College of Technology and the Milton S. Hershey Medical Center, will be prepared and reviewed with the Board of Trustees at the earliest opportunity.

(The proposed Operating Budget, with schedules, will be distributed to Trustees under separate cover.)

3) Proposed Tuition and Fees Effective for 2015 Fall Semester

Will the Board of Trustees adopt the following resolutions:

WHEREAS, The Commonwealth of Pennsylvania has not approved its budget and related appropriation to The Pennsylvania State University as of July 1, 2015; and

WHEREAS, The Pennsylvania State University must continue to operate and is committed to provide exceptional educational experiences and positive workplace environments for all;

THEREFORE BE IT RESOLVED, That in the event that the Commonwealth of Pennsylvania’s budget is finalized after July 17, 2015 and the appropriation for The Pennsylvania State University at a level that is more or less than the amount appropriated in this resolution, the effect, if any, of the final appropriation on tuition and fees for the 2016-17 academic year will be summarized and reviewed with the Board of Trustees at the earliest opportunity.

(Tuition schedules will be distributed to Trustees under separate cover.)

The Subcommittee on Architect/Engineer Selection will make a report and recommendation on the appointment of a designer for the Agricultural Digester and Replacement of Dairy Barns at University Park.
5) **Proposed Appointment of a Designer, Deike Building Renovations, University Park**

The Subcommittee on Architect/Engineer Selection will make a report and recommendation on the appointment of a designer for the Deike Building Renovations at University Park.

6) **Proposed Purchase of Property on Sandy Drive, University Park**

The Penn State Library Master Plan identified a need for secure offsite high capacity storage space for valuable and rare collections. This would help to address a storage space deficiency, but also allow the re-allocation of collection spaces in central campus to student-centered spaces.

The University has the opportunity to acquire property at 2185 Sandy Drive in State College from Advanced Color Graphics. The acquisition includes a 15,088 square-foot one story building currently used as office and light industrial space which could provide much needed storage space for library collections.

Located just off Science Park Road in Ferguson Township, the 1.96 acre property has been offered to the University for $1,986,000. The acquisition is contingent upon the property being determined to be in acceptable condition by campus representatives and the Office of Physical Plant.

Will the Board of Trustees adopt the following resolutions:

RESOLVED, That the Board of Trustees approves the acquisition of the property at 2185 Sandy Drive in Ferguson Township, comprised of 1.96 acres and a one story 15,088 square foot building, from Advanced Color Graphics for $1,986,000.

FURTHER BE IT RESOLVED, That the Officers of the University are authorized and directed to take such steps as are necessary to make effective these resolutions.

E. Committee on Governance and Long-Range Planning – Keith W. Eckel, Chair

E. Penn State Harrisburg

1) Integrated Undergraduate/Graduate Bachelor of Science in Electrical Engineering and Master of Science in Electrical Engineering: New Program

This program is designed to allow academically superior Bachelor of Science candidates the opportunity to enroll in an integrated, continuous program of study leading to both the Bachelor of Science and Master of Science in Electrical Engineering within five years of study. This program helps its graduates develop capabilities to analyze and design a variety of electrical and electronic systems found in many industrial and government settings as well as provide a foundation for further graduate studies. The program will become effective Fall 2015.

2) Bachelor of Science in Applied Behavioral Science: Phase Out Program

This major is not well-recognized on a national level, is not offered at other Penn State campuses, and has suffered dwindling enrollments. The Bachelor of Science in Applied Behavioral Science at Penn State Harrisburg will be closed, effective Fall 2015.

2. Information on Graduate Programs

A. Integrated Undergraduate/Graduate Bachelor of Science in Electrical Engineering and Master of Science in Electrical Engineering: New Program

This Integrated Undergraduate/Graduate program (IUG) would give academically talented students an opportunity to complete B.S. and M.S. degrees in five years instead of six. The proposers predict this program will also increase the attractiveness of master’s study prior to beginning a professional career. Additional advantages noted by the proposers are coherent planning of studies through the graduate degree and exposure of undergraduate students earlier to the rigors of graduate study and to graduate faculty and other graduate students.

B. Data Analytics Intercollege Graduate Degree Program Academically Housed at Penn State Great Valley School of Graduate Professional Studies

In the May 2015 Board of Trustees Academic Affairs and Student Life Consent Agenda, this program was referred to as Data Science and Analytics Intercollege Graduate Degree Program; please note that the correct title is Data Analytics Intercollege Graduate Degree Program and all implementations have been with that name. All approval parties are aware of this editorial adjustment.
1. **Women’s Health Unit Renovations, The Milton S. Hershey Medical Center**

The Milton S. Hershey Medical Center will be renovating approximately 3,800 square feet of the Women’s Health Unit, located in the third floor west wing of the main hospital. The primary goal of this project is to enlarge existing patient rooms and patient bathrooms. Eleven (11) patient rooms will be modified into eight (8) antepartum/postpartum patient rooms. The larger rooms will provide a number of benefits including: increased patient safety; newborn room-in with mothers; facilitated family interaction; adequate space for labor and delivery in the rooms if required by conditions on the unit. The project will also include the construction of a telecommunications room to support upgrades to the unit nurse call system. A complete replacement and update to the finishes will greatly improve the patient experience. The cost estimate for this project is $4,500,000.

Proposed draft language to amend Standing Order IX (Trustees Emeriti)

Standing Order IX shall be deleted in its entirety and the following substituted therefor:

(1) Granting the Status of Trustee Emeritus to Former Members of the Board of Trustees.

(A) The status of Trustee Emeritus shall be reserved for any living former member of the Board of Trustees who has served as a member of the Board of Trustees for six years or more with distinction. Trustees shall be eligible for consideration to receive such status immediately upon retirement or resignation from active service on the Board of Trustees. The Committee on Governance and Long Range Planning shall review the service of a Trustee upon such Trustee’s retirement or resignation and shall make a recommendation to the Board of Trustees. Criteria to be considered by the Committee shall include offices held, attendance record, participation in the activities of the Board, length of service, or other significant contributions. Each former Chair of the Board of Trustees will be entitled to automatic trustee emeritus status upon retirement or resignation.

(B) The election of Trustees Emeriti will be held at the September meeting of the Board of Trustees.

(C) The status of Trustee Emeritus shall be applicable for a term of six years. At the end of such six year period, individuals who have been granted Trustee Emeritus status shall retain the title and may be invited to continue to participate in University activities and events at the discretion of the Chair of the Board of Trustees. All other privileges associated with the status of Trustee Emeritus shall expire. Any person to whom trustee emeritus status was granted prior to July 17, 2015 shall have a six year term commencing July 17, 2015.

(D) Individuals with the status of Trustee Emeritus shall be invited to attend public meetings of the Board of Trustees and Standing Committees thereof and may participate at the discretion of the presiding officer of such meeting. Trustees Emeriti shall not have the right to attend executive sessions of the Board of Trustees or any Standing Committees thereof or to attend any portion of any meeting at which attorney-client privileged discussions are held unless the presiding officer of such session determines, after consultation with counsel, that such attendance is appropriate and advisable. Trustees Emeriti shall receive or be given access to documents and other materials that are made public, and may receive or have access to the University’s confidential, proprietary or attorney-client privileged materials at the discretion of the presiding officer of the meeting at which such materials are to be discussed.

(E) Trustees Emeriti may be appointed by the Chair of the Board of Trustees, at the Chair’s discretion, to serve as non-voting members of certain Standing Committees or ad hoc committees.

(F) At the discretion of the Chair of the Board of Trustees, Trustees Emeriti shall be invited to participate in University events and activities, to serve as an advisor or mentor, to consult on University matters and/or to serve the University in such other capacities as the Chair may determine are advisable and appropriate.

(G) The University shall reimburse Trustees Emeriti for reasonable expenses associated with service as Trustees Emeriti in accordance with policies adopted by the Board of Trustees from time to time.
