2) Conflict of Interest – Approval of Lease Renewal with PSRP Developers, Inc, Innovation Park

Article VIII, Section 8.05 (a) of the Bylaws of the University, provides that, "A contract or transaction between the University and a Trustee, family member or an entity in which the Trustee or family member has a beneficial interest of ten percent (10%) or more and the contract is valued at $10,000 or more must be approved by the Board of Trustees in accordance with this Section." Further, that Section provides that "[t]he University official responsible for the matter must first conclude that it is in the best interests of the University to consider entering into such a contract or transaction" and that “the officer must first explore alternatives that do not involve an interest of the Trustee, family member or entity in which the Trustee or family member owns a beneficial interest of ten percent (10%) or more." The interested Trustee shall leave the meeting during discussion and voting. Finally, Section 8.05(a) provides that “[t]he Board shall determine by a majority vote of the disinterested Trustees whether the transaction or arrangement is in the University’s best interests, the price and value provided are fair and reasonable to the University and whether to approve the transaction or arrangement."

Trustee Ira Lubert, who joined the Board of Trustees in September 2007, has a beneficial ownership of more than 10 percent of PSRP Developers, Inc. which owns 101 Innovation Boulevard (Lubert Building) and 103 Innovation Boulevard at Innovation Park. At its September 2013 meeting, the Board of Trustees ratified five existing leases with PSRP Developers, Inc.

One of these leases was initiated in May 1, 2004 and, after one five-year renewal, is expiring on April 30, 2014. It is now proposed that the University exercise its option to extend this lease until April 30, 2019 for an additional five years, at which time the University will have the opportunity to renew for an additional five years. The extended lease terms for 12,413 square feet in the 101 Innovation Boulevard (Lubert Building) are $24.25 per square foot or $301,015 per year for the current year. The lease amount includes the base rent and common area maintenance fees with the base rent being adjusted annually to reflect changes in the Consumer Price Index.
The College of Communications has a professionally equipped 24/7 news room and production facility, a large film-video shooting space, a digital editing lab, a specialized computer lab and production space, as well as an equipment center located within the leased area and wishes to maintain its use of the space into the foreseeable future. Because of the unique tenant improvements that have been made by the University and the specialized use of the space, as well as the desire of the College of Communications to continue use of this space, a competitive lease analysis was not deemed to be appropriate for this specific lease renewal transaction. The terms of the lease are within a reasonable price range, considering the quality of the space and the amenities provided at Innovation Park. As a result, the Responsible Officer, Dan Sieminski, has determined that the lease renewal described above is in the best interests of the University.

Will the Board of Trustees adopt the following resolution:

RESOLVED, That the proposal to extend the current lease in 101 Innovation Boulevard with PSRP Developers, Inc., totaling 12,413 square feet at a current annual cost of $301,015, until April 30, 2019 is approved.

3) Proposed Appointment of an Architect, Housing and Food Services Warehouse and Bakery Expansion

The Subcommittee on Architect/Engineer Selection will make a report and recommendation on the appointment of an architect for the Housing and Food Services Warehouse and Bakery Expansion at University Park.

4) Proposed Appointment of an Architect, Ruhl Student Center and Multipurpose Building Addition and Renovations, Penn State York

The Subcommittee on Architect/Engineer Selection will make a report and recommendation on the appointment of an architect for the Ruhl Student Center Addition and Renovation at Penn State York.

5) Proposed Appointment of an Architect, Student Enrichment Center, Penn State Harrisburg

The Subcommittee on Architect/Engineer Selection will make a report and recommendation on the appointment of an architect for the Student Enrichment Center at Penn State Harrisburg.

6) Proposed Approval for ISIS Replacement System, The Pennsylvania State University

The University’s Integrated Student Information System, known as ISIS, was developed approximately thirty years ago as an administrative computing system for Penn State University student services. Since the late 1990’s the University has outgrown the functionality of this system. The current operational limitations of ISIS impair the ability in the offices of Undergraduate Admissions, the Bursar, the Registrar, Student Aid, Undergraduate Education, the Graduate School, University Outreach, the Commonwealth Campuses and elsewhere, to provide needed 24/7 web-based self-service access, to make timely adjustments and to react appropriately to changes in academic and administrative policy and to external mandates. Most of the University’s peers have already modernized their student information systems. From 2008-2012, a rigorous assessment of the current state
of the system was completed. A group of core stakeholders conducted an in-depth review of the various options to replace ISIS. After conducting a comprehensive needs assessment, cost/benefit analysis, and benchmarking initiative, the working committee recommended unanimously that a vendor-based student information system would provide the greatest functionality for the University, with the least risk, in the shortest amount of time, and at the lowest cost. The ISIS Replacement Working Group presented its recommendation on May 17, 2012, to move forward with the purchase and implementation of a vendor-based student information system. Since then, a process has been underway to select a software provider and an implementation consultant, to provide a vendor-based student information system to replace ISIS. A status report regarding this process and associated recommendations will be presented.

7) Proposed Final Plans and Authorization to Award Contracts, Woodland Building Renovations, Penn State Abington

Woodland Building at Penn State Abington was built in 1972 and is under increasing demand every year due to continuous enrollment growth. The existing laboratories are inadequate and outdated for today’s laboratory and science classroom requirements. The University intends to renovate approximately 15,000 gross square feet of laboratory, classroom, office, and restroom space in the 92,000 square foot, four-story building. The renovated laboratories and adjacencies will provide students and faculty with a more effective learning environment. Heating, ventilation, and air conditioning systems will be upgraded, and restroom renovations will improve accessibility. The project also includes new energy-efficient window systems and new flooring. A new roof will be installed over the laboratories.

Will the Board of Trustees adopt the following resolutions:

RESOLVED, That the final plans for Woodland Building Renovations at Penn State Abington, as designed by the firm of Spillman Farmer of Bethlehem, Pennsylvania, are approved.

FURTHER BE IT RESOLVED, That authorization to award contracts to construct the project be approved at a cost of $7,000,000.

8) Report on Audited Financial Statements

Comments about the University's Audited Financial Statements will be made by Joseph J. Doncsecz, Associate Vice President for Finance and Corporate Controller.

(Hard copies of the Audited Financial Statements will be presented to Trustees at the November 22 meeting.)

9) Photo Report on Selected Construction Projects

A photo report on the progress of selected construction projects will be presented at the meeting.
D. Committee on Governance and Long-Range Planning - Keith W. Eckel, Chair

1) Proposed Change in Annual Meeting of the Board

In accordance with the Bylaws of the Board of Trustees, Article II, Section 2.05, one regular meeting is designated as the annual organizational meeting of the Board of Trustees to include the election of officers for the ensuing year as well as any other organizational business. Currently, the annual meeting is held in conjunction with the January meeting of the Board of Trustees. In order to align the timing of the Annual Meeting with changes in the composition of the Board based upon membership election or selection, it is proposed to move the annual meeting to the July meeting of the Board of Trustees.

Will the Board of Trustees adopt the following resolution:

RESOLVED, That the regular July meeting of the Board of Trustees be designated as the annual meeting of the Board in accordance with Article II, Section 2.05 of the Bylaws.

2) Proposed Appointment of Governance Consultant

At the November meeting of the Board of Trustees, the report of the Committee on Governance and Long-Range Planning included information on the engagement with an outside consultant to facilitate the consideration and evaluation of several ongoing issues of University governance. These issues have been presented by a variety of stakeholders, both internal and external to the University, and have emerged as Trustees engage in discussions of best governance practice and seek to fulfill the Board’s duties of fiduciary responsibilities.

The Committee on Governance and Long-Range Planning will make a report and recommendation on the appointment of a governance consultant.

3) Proposed Revisions to the Charter and Bylaws of the Board of Trustees

It is proposed to amend the Charter of The Pennsylvania State University to modify the composition of the executive committee to reflect the additional standing committee chair and to provide for a flexible number of at large members in order to have a total of 13 members.

It is proposed to amend the Bylaws of the University to create a new standing committee on compensation; to make the subcommittee on human resources a subcommittee of the committee on compensation; to modify the composition of the executive committee to reflect the additional standing committee chair and to provide for a flexible number of at large members in order to have a total of 13 members; to clarify which personnel matters are required to be approved by the Board and which matters are required to come to the Board for its information; and to clarify the method of authorization of indemnification pursuant to the discretionary authority granted under the Bylaws.
Will the Board of Trustees adopt the following resolutions:

RESOLVED, That the Charter of The Pennsylvania State University be amended as set forth in the appendix and presented at the meeting on November 22, 2013.

FURTHER BE IT RESOLVED, That the Bylaws of The Pennsylvania State University be amended as set forth in the appendix and presented at the meeting on November 22, 2013.

(See Appendix III)

6. Proposed Appointment of a Screening Committee for the Distinguished Alumni Award

Will the Board of Trustees authorize the Chairman of the Board to appoint a committee to screen all nominees for the Distinguished Alumni Award, and present a slate at the January 2014 meeting?

7. Announcements by the Chairman of the Board of Trustees
1. Information on Undergraduate Programs

A. College of Education

1) Teaching and Learning Online: New Minor

This minor will allow our graduates to be knowledgeable about online teaching and learning if they are asked to provide this kind of instruction as part of their teaching responsibilities. It will also help them to be competitive in the marketplace for online instructors at the K-12 level. The new minor will become effective Spring 2014.

B. College of the Liberal Arts

1) Bachelor of Arts in Anthropology/Bachelor of Arts in Classics and Ancient Mediterranean Studies and Master of Arts in Anthropology: New Integrated Undergraduate/Graduate Program

This program is designed to provide opportunities for academically strong students to complete a double major bachelor’s degree and a master’s degree in the course of five years of study. The IUG program enables students to pursue either a professional track or an academic track in archaeology. The professional track enables students to obtain a master’s degree for professional careers where the MA is the professional working degree. The academic track provides a stronger and broader educational base for students and will enhance the likelihood of success for those seeking to move on to doctoral study in highly ranked graduate programs. The new IUG will become effective Summer 2014.

2) Bachelor of Science in Archaeological Science/Bachelor of Arts in Classics and Ancient Mediterranean Studies and Master of Arts in Anthropology: New Integrated Undergraduate/Graduate Program

This program is designed to provide opportunities for academically strong students to complete a double major bachelor’s degree and a master’s degree in the course of five years of study. The IUG program enables students to pursue either a professional track or an academic track in archaeology. The professional track enables students to obtain a master’s degree for professional careers where the MA is the professional working degree. The academic track provides a stronger and broader educational base for students and will enhance the likelihood of success for those seeking to move on to doctoral study in highly ranked graduate programs. The new IUG will become effective Summer 2014.

C. Penn State Erie, The Behrend College

1) Bachelor of Science in Mathematics: Drop the Mathematics Education Pre-Certification Option and rename Graduate Study Option to Pure Mathematics Option

The Education Pre-Certification option was based on an obsolete agreement with Mercyhurst College. The name change of the Graduate Study option to the Pure Mathematics option is an effort to clarify for students the facts that this option emphasizes pure mathematics (as opposed to applied mathematics) and that students in any of the options are well prepared for graduate study. The change in options will become effective Fall 2015.

2) Political Science Minor to Politics and Government Minor: Change in Name

The name change is part of the initiative to address minors with the same name, but different curricular requirements. The name change will become effective Spring 2014.

3) International Studies Minor to Transnational Perspectives Minor: Change in Name

The name change is part of the initiative to address minors with the same name, but different curricular requirements. The name change will become effective Spring 2014.
4) **Psychology Minor to Psychological Science Minor: Change in Name**

The name change is part of the initiative to address minors with the same name, but different curricular requirements. The name change will become effective Spring 2014.

5) **Economics Minor to Applied Economics Minor: Change in Name**

The name change is part of the initiative to address minors with the same name, but different curricular requirements. The name change will become effective Spring 2014.

D. Penn State Harrisburg

1) **International Business Minor to International Business Administration Minor: Change in Name**

The name change is part of the initiative to address minors with the same name, but different curricular requirements. The name change will become effective Summer 2014.

2) **Bachelor of Arts in American Studies and Master of Arts in American Studies: New Integrated Undergraduate/Graduate Program**

This program allows academically superior baccalaureate students enrolled in the American Studies major to obtain both the BA and the MA degrees in American Studies within five years of study. By encouraging greater depth and focus in the course of study beginning in the third undergraduate year, this program will help the student more clearly define his/her area of interest and expertise in the broad field of American Studies. As a result, long-range academic planning for exceptional students pursuing doctoral degrees or other professional goals after leaving Penn State will be greatly enhanced. The new IUG will become effective Summer 2014.

2. **Information on Graduate Programs**

A. **Master of Professional Studies (M.P.S.) in Organizational Development and Change in the College of Education: New Graduate Program**

An online Master of Professional Studies in Organization Development and Change (MPS-OD&C) offered by the College of Education would complement other online degrees offered by Penn State delivered through the World Campus and these degrees would likely benefit from synergistic marketing approaches targeted at enrolling new adult students. There are a few online programs in organization and change development that offer programs that are similar in content, format, or structure to the proposed MPS-OD&C. The MPS-OD&C is designed to attract a high quality student body of working professional adult learners from a wide national and international audience.

B. **Master of Arts (M.A.) in Anthropology with the double major Bachelor of Arts (B.A.) in Classics and Ancient Mediterranean Studies (CAMS) and Bachelor of Science in Archaeological Science in the College of the Liberal Arts: New Undergraduate-Graduate Integrated Program**

Master of Arts (M.A.) in Anthropology with the double major Bachelor of Arts (B.A.) in Classics and Ancient Mediterranean Studies (CAMS) and Bachelor of Science in Archaeological Science in the College of the Liberal Arts: New Undergraduate-Graduate Integrated Program

The proposed IUG programs provide an opportunity for academically strong archaeology students to complete two bachelor’s and a master's degree in the course of five years of study. The IUG programs are flexible and enable students to combine two of the three BA/BS options into either a professional track or an academic track in archaeology. The professional track enables students to obtain a master's degree for professional careers in both cultural resource management and heritage management where MA is the terminal degree. The academic track provides a stronger and broader educational base for students and will enhance the likelihood of success for those seeking to move on to doctoral study in highly ranked graduate programs. The flexibility of the proposed IUGs are one of its greatest assets as they allow students to identify their professional interests early in their academic careers and work with faculty to meet their professional and academic goals.

(Appendix I)
C. **Clinical and Translational Sciences in the College of Medicine: New Dual-Title Intercollegiate Graduate Degree Program**

The objective of this program is to expand the University's role in training life, biomedical, and behavioral scientists who translate fundamental (e.g., 'bench top') research findings to improve clinical practice and human health. This is an operational response to the National Institutes of Health (NIH) effort to establish a network of federally sponsored centers funded through Clinical and Translational Science awards. Penn State is among the most recent group of institutions to have received this award, completing the consortium of 60 institutions. Since translation encompasses a set of knowledge, skills, and competencies that complements many existing disciplines, it is our contention that a dual-title graduate degree is an optimal mechanism to accelerate and focus training.

D. **Master of Professional Studies (M.P.S.) in the Graduate Program in Information Sciences and the option in Information Assurance and Decision Support to "Cybersecurity and Information Assurance" in the College of Information Sciences and Technology: Change in Degree Requirement and Name Change**

The new option title better reflects the academic curriculum that is being taught by our faculty in this option. It also allows the College of IST to more effectively leverage our role as a National Security Agency (NSA) certified Center of Academic Excellence in Cyber Security and Information Assurance.

E. **Master of Science (M.S.) and Doctor of Philosophy (Ph.D.) in BioRenewable Systems in the College of Agricultural Sciences: New Graduate Program**

The overall goal is to establish a world renowned research-oriented graduate program in renewable biologically-based materials, products, and processes that fully integrates scientific research with the principles of systems technology, business, management, marketing, leadership development, and entrepreneurship.

F. **Master of Arts (M.A.) in American Studies with a Bachelor of Arts (B.A.) in American Studies at Penn State Harrisburg: New Integrated Undergraduate –Graduate Degree Program**

The IUG is appealing for advanced students oriented toward museum and heritage work who can build a combined plan of study combining coursework at the undergraduate and graduate levels in this area. The curriculum and faculty at Penn State Harrisburg have a concentration in this area and draw students who have opportunities for internships and experiences with nationally recognized American Studies institutions such as Pennsylvania Historical and Museum Commission, Hershey Story, Gettysburg National Military Park, and Landis Valley Museum.
1. **Building Upgrade for LionPATH, University Park**

The University intends to renovate the third floor of the recently purchased 300 North Science Park Road Building to accommodate staff and consultants working on the Integrated Student Information System replacement (known as LionPATH), and the upcoming replacement project for the Human Resource Information System. The renovation project includes building system upgrades, layout configuration changes, new finishes, cubicle fit-outs, and furniture. The University fiber optics network will be expanded and connected to the building. The LionPATH team will move in and begin work January 2014. After completion of the LionPATH project, expected towards the end of 2016, the space will be used to host staff for other enterprise projects. The cost estimate for this project is $4,000,000.

(See Appendix II.1)

2. **Artificial Turf Athletic Field, Penn State Berks**

The University intends to upgrade the existing natural turf grass intramural/soccer field at Penn State Berks to an artificial turf field for soccer, rugby, field hockey, and men’s and women’s lacrosse. An artificial turf field will allow for more intensive use and extension of the playing season.

The improvements will include field lighting, a press box and filming platform, security alarm system with camera-equipped emergency phone and motion-sensor lights, security fence, controlled access points, scoreboard, and provisions for future bleachers. Site utilities will be upgraded. The cost estimate for this project is $2,400,000.

(See Appendix II.2)

3. **Athletic Fields Upgrade, Penn State Worthington Scranton**

The University intends to upgrade the existing baseball and soccer fields at Penn State Worthington Scranton to meet NCAA standards. A new softball field will be built to NCAA standards. The project scope includes dugouts, fencing, bleachers, and a new field house with restrooms, concessions, press box, storage and security. A new paved parking lot and access road will be included, and site utilities will be upgraded. The cost estimate for this project is $2,000,000.

(See Appendix II.3)

4. **Temporary Swing Space at Research A, University Park**

The University intends to install temporary laboratory facilities in the parking lot west of Research A at University Park to house displaced science laboratory activities during renovations to multiple teaching and research laboratory buildings, as outlined in the University capital plan for 2014-2018. The facilities will be outfitted to support teaching and research needs including fume hoods, chemical storage and disposal, and lab benches. Because of the length of time the temporary structures will be in use, it is financially advantageous for the University to purchase the structures rather than leasing. The facilities will be removed upon completion of the projects, currently estimated to occur in 2021.

Board of Trustee approval for temporary structures is not required by the Bylaws; however, given the scope, cost and duration of these temporary facilities the Administration felt it appropriate to bring this to the Board of Trustees as an information item. The cost estimate for this project is $6,800,000.

(See Appendix II.4)

5. **Naming of Rooms, Portions of Buildings and Plazas**

ARTICLE I

NAME AND PURPOSE

Section 1.01 Name. The name of the corporation is The Pennsylvania State University (hereinafter referred to as the “University”), existing under the Pennsylvania Nonprofit Corporation Law of 1988.

Section 1.02 History. The University was created as the Farmers’ High School by special act of the Pennsylvania legislature on February 22, 1855. The name of the institution has been changed successively to the Agricultural College of Pennsylvania in 1862, the Pennsylvania State College in 1874 and The Pennsylvania State University in 1953. Section 1.03 Purpose. The University was formed in 1855 as an institution for the education of youth in the various branches of science, learning and practical agriculture, as they are connected with each other. (a) Elimination of Liability. To the fullest extent that the laws of the Commonwealth of Pennsylvania, as now in effect or as hereafter amended, permit elimination or limitation of the liability of Trustees, no Trustee of the University shall be personally liable for monetary damages as such for any action taken, or any failure to take any action, as a Trustee.
(b) Nature and Extent of Rights. The provisions of this Section shall be deemed to be a contract with each Trustee of the University who serves as such at any time while this Section is in effect and each such Trustee shall be deemed to be so serving in reliance on the provisions of this Section. Any amendment or repeal of this Section or adoption of any Bylaw or provision of the Articles of the University which has the effect of increasing Trustee liability shall operate prospectively only and shall not affect any action taken, or any failure to act, prior to the adoption of such amendment, repeal, Bylaw or provision.

Section 4.02 Indemnification.

(a) Right to Indemnification.

(i) As used herein, the word “Action” shall mean any action, suit or proceeding, administrative, investigative or other, (i) to which such person is a party (other than an action by the University) or (ii) in connection with which such person is not a party but is a witness, subject to investigation or otherwise involved, in either case by reason of such person being or having been a Trustee or officer of the University or by reason of such person serving or having served at the request of the University as a director, officer, employee, fiduciary or other representative of another corporation, partnership, joint venture, trust, employee benefit plan or other entity.

(ii) Except as prohibited by law, each Trustee and officer of the University shall be entitled as of right to be indemnified by the University against expenses and any liability paid or incurred by such person (i) in the defense of any Action to which such person is a party or (ii) in connection with any other Action.

(iii) A person who is not a Trustee or officer of the University may be similarly indemnified in respect of service to the University to the extent the Board of Trustees at
any time designates such person as entitled to the benefits of this Section. The Board of Trustees has delegated to the Vice President and General Counsel the authority to make the determination, after consideration of relevant facts and circumstances, as to whether a person who is not a Trustee or officer of the University shall be indemnified in respect of his or her service to the University pursuant to this paragraph.

(iv) As used in this Section, “indemnitee” shall include each Trustee and each officer of the University and each other person designated by the Board of Trustees as entitled to the benefits of this Section; “liability” shall include amounts of judgments, excise taxes, fines, penalties and amounts paid in settlement; and “expenses” shall include fees and expenses of counsel incurred by the indemnitee only (i) if the University has not at its expense assumed the defense of the Action on behalf of the indemnitee with reputable and experienced counsel selected by the University, or (ii) if it shall have been determined pursuant to Section (c) hereof that the indemnitee was entitled to indemnification for expenses in respect of an Action brought under that Section.

(b) Right to Advancement of Expenses. Every indemnitee shall be entitled as of right to have his expenses in defending any Action paid in advance by the University, as incurred; provided, however, that the University receives a written undertaking by or on behalf of the indemnitee to repay the amount advanced if it should ultimately be determined that such person’s conduct was such that the University is prohibited by law from indemnifying such person.

(c) Right of Indemnitee to Initiate Action; Defenses.

(i) If a written claim under paragraph (a) or paragraph (b) of this Section is not paid in full by the University within thirty days after such claim has been received by
the University, the indemnitee may at any time thereafter initiate an action to recover the unpaid amount of the claim and, if successful in whole or in part, the indemnitee shall also be entitled to be paid the expense of prosecuting such action.

(ii) The only defenses to an action to recover a claim for indemnification otherwise properly asserted under paragraph (a) shall be that the indemnitee's conduct was such that under applicable law the University is prohibited from indemnifying the indemnitee for the amount claimed, but the burden of proving any such defense shall be on the University.

(iii) The only defense to an action to recover a claim for advancement of expenses otherwise properly asserted under paragraph (b) shall be that the indemnitee failed to provide the undertaking required by paragraph (b), but the burden of proving any such defense shall be on the University.

(d) Non-Exclusivity; Nature and Extent of Rights; Insurance. The rights to indemnification and advancement of expenses provided for in this Section shall (i) not be deemed exclusive of any other rights to which any indemnitee may be entitled, (ii) be deemed to create contractual rights in favor of each indemnitee who serves the University at any time while this Section is in effect (and each such indemnitee shall be deemed to be so serving in reliance on the provisions of this Section), and (iii) continue as to each indemnitee who has ceased to have the status pursuant to which he was entitled or was designated as entitled to indemnification under this Section and shall inure to the benefit of the heirs and legal representatives of each indemnitee. The University may provide, at its cost, insurance, or may self-insure, to protect itself and any Trustee, officer, agent or employee eligible to be indemnified hereunder against
any liability or expense whether or not the University would have the power to indemnify such trustee, officer, agent or employee.

**Section 7.03 Fiscal Year.** The fiscal year of the University shall end on June 30 or on such other day as shall be fixed by the Board of Trustees.

**Section 7.04 Private Inurement.** No part of the net earnings of the University shall inure to the benefit of, or be distributable to, its Trustees, officers or other private persons, except that the University shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in these Bylaws and the University’s Charter.

**ARTICLE VIII**

**CONFLICTS OF INTEREST**

**Section 8.01 Definitions.** For purposes of Sections 8.01 – 8.11 hereof, the following terms shall have the meanings set forth below.

(a) Conflict of Interest. A “conflict of interest” exists when a reasonable observer, having knowledge of all of the relevant facts and circumstances, would conclude that a Trustee has an actual or apparent conflict of interest in a matter related to the University. In addition to financial conflicts of interest, a conflict of interest includes a situation in which a Trustee, family member or related entity has an interest that may lead the Trustee to act in a way that is incompatible with or a breach of the Trustee’s fiduciary duty to the institution or use such
Trustee’s role to achieve personal gain or benefit or gain or benefit to family, friends or associates.

(b) Family Member. A “family member” means a Trustee’s spouse or dependent child.

(c) Financial Conflict of Interest. A “financial conflict of interest” exists when a Trustee, a family member or related entity has an actual or potential financial interest in a matter (i) that is pending before the Board for discussion or vote or (ii) in which the Trustee or a family member is personally involved. A financial conflict of interest does not include a student or employment relationship of a family member.

(d) Related Entity. A “related entity” means a corporation, partnership, association or other entity where the Trustee or family member serves as an officer, director, partner or employee; expects to receive $5,000 or more in compensation for services in a calendar year; holds any equity in a non-publicly traded entity; or holds an interest of 5% or more in a publicly traded entity.

(e) Known. “Known” means that the Trustee has actual knowledge of the conflict of interest.

(f) Board. “Board” includes any standing or ad hoc committee of the Board.

(g) Disclose or Disclosure. “Disclose” or “disclosure” means to provide a brief summary of the transaction, agreement or business arrangement and the Trustee’s financial or other interest.

Section 8.02 Disclosure. Each Trustee must disclose in writing to the Office of the Board of Trustees and to the Chair of the Board all situations that involve actual or apparent conflicts of interest if and as the conflict of interest becomes known to such Trustee.
Section 8.03 Annual Disclosure. In addition to other annual disclosures required by law or policy, each Trustee must disclose annually and in writing to the Secretary of the Board all conflicts of interest that are known to such Trustee. The annual disclosures of known conflicts of interest will be publicly available upon request.

Section 8.04 Recusal. If a matter in which a Trustee has a known conflict of interest comes before the Board for discussion or decision, the interested Trustee shall leave the Board meeting while the matter is discussed and voted upon. The Trustee’s interest and recusal shall be noted in the minutes, which shall be publicly available.

Section 8.05 Contracts or Transactions with the University. (a) A contract or transaction between the University and a Trustee, family member or an entity in which a Trustee or family member has a beneficial interest of ten percent (10%) or more and the contract or transaction is valued at $10,000 or more must be approved by the Board of Trustees in accordance with this Section. The University official responsible for the matter must first conclude that it is in the best interests of the University to consider entering into such a contract or transaction. In circumstances where the Trustee, family member or related entity is purchasing goods or services from the University, as opposed to selling such goods or services, the matter is presumptively in the University’s interests if the price is fair and reasonable and the contract or transaction does not foreclose a similar transaction with another individual or entity. In other circumstances where the University is purchasing goods or services, the officer must first explore alternatives that do not involve an interest of the Trustee, family member or entity in which the Trustee or family member owns a beneficial interest of ten percent (10%) or more. If, after exercising such due diligence, the official determines that it is in the best interests of the University to proceed, the matter must be submitted to the Board for approval. The written
materials submitted to the Board shall include a description of the contracting process, including the use of open and public bidding if possible and practical, and the official’s analysis of why it is in the best interests of the University to proceed with the agreement or relationship. The interested Trustee shall leave the meeting during the discussion and voting. The Board shall determine by a majority vote of the disinterested Trustees whether the transaction or arrangement is in the University’s best interests, the price and value provided are fair and reasonable to the University and whether to approve the transaction or arrangement. Any such decision shall be recorded in the minutes, which shall be publicly available.

(b) Contracts or transactions of less than $10,000 between the University and a Trustee, family member or an entity in which the Trustee or a family member has a beneficial interest of ten percent (10%) or more will be disclosed to the Board of Trustees annually in a written report which shall be available to the public. The report shall include a certification by the appropriate officers of the University that such contracts or transactions were made in the normal course of business and were fair to the University.

Section 8.06 Annual Statements. Each Trustee shall annually sign a statement that affirms that such Trustee (a) has received a copy of the Board’s conflict of interest policy as expressed in this Article VIII, (b) has read and understands the policy, and (c) has agreed to comply with the policy.

Section 8.07 Fiduciary Duty. Members of the Board of Trustees stand in a fiduciary relationship to the University which reposes special confidence in each member. Members of the Board of Trustees shall act in good faith, with due regard to the interests of the University, and shall comply with the fiduciary principles of conduct in addition to any other state or federal requirements. Trustees bring to their roles varied backgrounds and expertise, and
they are selected in different ways, but they must keep the welfare of the entire University, not just a particular constituency, at all times paramount.

**Section 8.08 Misuse of Information.** No member of the Board of Trustees shall for personal gain or benefit or for the gain or benefit of others use any information not available to the public at large and obtained as a result of service to the University.

**Section 8.09 Gifts and Favors.** No member of the Board of Trustees shall solicit or accept for personal use or for the use of others any gift, loan, gratuity, reward, promise of future employment or any other thing of monetary value based on any understanding that the vote, official action or judgment of the member would be influenced thereby.

**Section 8.10 Pre-Existing Contract or Transaction.** A contract or transaction that would be required to be disclosed under this Article but which was entered into before the interested Trustee assumed office, or which became subject to this Article as a result of amendments to the Article, and which remains to be performed in whole or in part, shall be disclosed by the Trustee pursuant to Section 8.03 but is not subject to the voting and other requirements of this Article.

**Section 8.11 Family Members as Employees.** A record of all spouses or dependent children of Trustees who are employed by the University or an affiliated entity and where compensation exceeds $10,000 per year shall be maintained in the Office of the Board of Trustees and the names and positions but not the amount of compensation shall be posted on the University’s public website.

**Section 8.12 Employment of Trustees.** No Trustee may be employed by the University in any capacity before the fifth (5th) anniversary of the date on which such person last served as a Trustee, except as approved by action of the Board of Trustees.
Section 8.13 Disclosure of Potential Conflict of Interest by Employees of the University. Employees of the University shall exercise the utmost good faith in all transactions touching upon their duties to the University and its property. In their dealings with and on behalf of the University, they shall be held to a strict rule of honest and fair dealings between themselves and the University. They shall not use their positions, or knowledge gained therefrom, in such a way that a conflict of interest might arise between the interest of the University and that of the individual. Employees shall disclose to the administrative head of the college or other unit in which they are employed, or other appropriate superior officer, any potential conflict of interest which they are aware before a contract or transaction is consummated. This bylaw shall be published to the University community at least once annually.

Section 8.14 Consultation. Any Trustee or University official may consult with the Secretary of the Board or the University General Counsel concerning the interpretation or application of any of the provisions of Article VIII.

ARTICLE IX

Except as specifically set forth in Section 4.01, no provision of these Bylaws shall vest any property or contract right in any person.
